FOUR BANDITS ROB A TRAIN

Passengers in Sleepers Held Up.

Rebbery Occurs on Diamond Special, on Illinois Central Road.

No Attempt Made to Loot Mail or Express Cars-\$1000

CHICAGO, Aug. 2 .- Four highway men, all heavily armed and two of them wearing masks, held up the passengers on the Illinois Central Chicago-St. Louis express train No. 1, known as the "Diamond special" as it neared Matteson last night. The robbers got all the money and valuables carried by the thirty passengers in the two Pullman sleeping cars, stopped the train and escaped in the darkness.

The forward sleeper was entered first the occupants aroused and with nothing on but their night clothes were marched back to the Pullman car behind. Two of the passengers who were slow in responding to the command of the robbers were hit on their heads with a hatchet and one was seriously

Passengers Lined Up.

When the passengers in the two cars had been lined up in the rear Pullman two of the robbers stood guard, one at each end of the car with drawn re-volvers. The third, who is supposed to have been the leader, ordered the passengers who had been compelled to bring along their clothes from the first car to throw the garments on the floor of the car. The passengers in the rear car were then commanded to return to their berths and deposit their clothes in the same heap.

Filed Garments on Floor.

Then the leader with the utmost coolness began to search the clothing for valuables. When he had finished this search he made a close examination of the passengers for any money that they might have secreted. When the search had been completed all the ty was placed in a flour sack and three robbers joined their companion who had stood guard in the vestibule of the train. Pulling the bell rope, the signal to the engineer to stop was given and when the speed of the train had slackened sufficiently the robbers, after having locked the doors of the car, jumped off and fled in the dark-

So systematic was the work of the so systematic was the work of the robbers, and with so little confusion, that the train crew was unaware of what was going on. It was not until the engineer, in response to the signal brought his train to a stop and seeing nothing of the remainder of the crew walked back to the rear of the train to walked back to the rear of the train to ascertain what was the matter, that he learned of the robbery. No attempt was made to rob the mail or express cars. The robbers secured more than \$1000 in money and valuables.

Police Are Notified.

G. H. Gross, superintendent of tele-graph of the Illinois Central, who was e of the men robbed, left the train Kankakee and notified the Illinois Central detectives in Chicago. The latter notified the central police, and de-tectives were sent out on a train to begin a search for the robbers.

Superintendent's Story.

Superintendent Gross's story, made at Kankakee, was as follows: "The men must have boarded the train at Harlast Pullman and, cursing the brake-man and porter, ordered them into the smoking compartment. They went through the car and ordered all the men out.

Searched the Men.

"They drove all the men to the smoking compartment, and there two of them searched us while the others stood guard in the doors. They took \$100 from me and \$300 from a man near me. I guess those were the largest individual amounts they obtained. They searched the women who were yet awake, but did not bother those who were in the berths where the curtains were drawn In the second Pullman there were only five or six passengers, and they had an experience like the rest of us."

Carried Many Passengers.

The train, which left Chicago at 9:27 o'clock, carried many passengers for the St. Louis fair, and all remained on the train despite their experience.

Mr. Kerens is a warm friend to Senator Henry C. Davis, the Democratic nominee for Vice-President. Speaking of the venerable West Virginian, he said:

"Senator Davis is a noble man—a supert character—a self-made man. He did not have the misfortune of having rich parents to leave a whole lot of money to him. As a poor boy he began at the foot of the ladder as an employee of the Baltimore & Ohlo raliroad. He rose rapidly to the position of conductor. At an early age he began operating in timber lands and coal mining, and prospered. Soon he became wealthy.

"Senator Davis was a Union Democrat throughout the war of the Rebellion. He first ran for the office of State Senator. This was at the close of the war. He represented three counties of West Virginia. His home was at Pledmont, one of the largest mining centers at that time. An interesting incident of that election is worthy of relating. About 1500 votes were east in the Pledmont district. Senator Davis received every vote east but one. It is a mystery to this day as to who voted against him, and this man is characterized 'the villain."

"Mr. Davis was elected to the United States Senate and served in that body for twelve years. In 1876 the Senator Davis was held by his party, he was chosen to the position which Senator Allison now holds, as father of the Senate Committee on Appropriations.

"Senator Davis retired from the Senate to build a railroad across his State, opening an unknown and rich region of coal, iron and timber, some 300 miles in extent."

It was in this undertaking that Mr. Kerens became associated with Senator Davis. They constructed the railroad, opened mines, established coal plants, built coke ovens, etc., developing one of the greatest industries of the country.

"I have known Senator Davis," continued Mr. Kerens, "intimately for a quarter of a century. He is patriotic and noble in his character. A public benefactor in every respect. He has established free schools and higher institutions of learning in different parts of his State. He has erected a memorial hospital near his home at Elkins, which is a complete structure, with modern appliances and equipment that is strictly up to date. This he has handsomely endowed. While all are welcome, the railroad men are especially so, since Senator Davis has a tender regard for them. This hospital is filling a great want in the Allegheny mountain country, this being the center of three systems of railroads. The hospital was opened last May and has had a wonderfully successful career thus far. "Senator Davis has also established an orphans home at Charleston, the capital, caring for from 50 to 100 orphan boys and girls, finding homes for them among good people throughout the State and southern Ohio. This institution is also supported by Senator Davis, and everybody connected with it is paid salaries regularly by the Senator. This institution is also handsomely endowed. None are more welcome than the little orphans of the railroad men.

"It could not be stated," said Mr. Kerens, "without a long article, the history of Senator Davis's beneficence. He is one of the best men that ever lived. He should have been nominated for the first place on the ticket of his party. Speaking of the result of the approaching election, Mr. Kerens said: "The Republican party should win in the National campaign on its record of success. The prosperity and the well-being of the country is the result of Republican polities it should win on the protective tariff because that guarantees better pay for the wage earner, good times versus hard times. Protection to American industries and better wages to all classes of labor is the glory of the Republican party. On this the party deserves to win, and I believe will win."

In a ringing speech delivered by Mr. Kerens at the Missouri Republican State convention last week he made this pointed illustration illustration:
"If the Missourians will do their duty

be cast for Theodore Roosevelt. Will they do it?

"It is said that the battle of Trafalgar which was to determine the dominion of the nears, Lord Nelson, the great Admiral called all his men on board their ships, and, standing in the midst of them, addressed them thus. Sallors, I have naught but this to say: In the battle that shall be waged tomorrow our country expects every man to do his duty. That was all he said, but it was an inspiration which fired the hearts and nerved the arm of every man. And on the next day, above the swish of the ocean, above the roar of battle, above the flash of the condlet, while the sea was red and the waves were strewn with the wreck, above it all, that command reag in the ear and heart of every man as clearly as a bugle call—our country expects every man to do his duty."

"The Tribune's editorial a few days ago with reference to the manner of selecting delegates to the State convention was timely and good." said Judgo George F. Goodwin. "The present system of selection by election districts seems to be a recent innovation. The county has always been the unit of representation in State conventions. The present system is especially vicious as applied to Sait Lake county. This county is the largest in population and wealth. It pays several times as much taxes as Judge George F. any other county. National Committeeman Bichard C. State Auditor Charles S. Tingey, State Game and Fish Commissioner John Sharp, and Assistant Superintendent Dan H. Calder of the State Mental hospital, are trouting in Southern Utah. The Auditor is supposed to have gone with sufficient tackle to hook a few delegates as an incident of his trip.

No opposition has developed to the candidacy of County Auditor Fisher for a second term and he is regarded as especially fortunate by nome of the other joint building officials.

Auditor Fisher is rated as one of the best Auditors the county has ever had, and there appears to be common consent that he serve another term.

Henry Kearns of Gunnison, Sanpete county, is in the city. Mr. Kearns eays things look good in Sanpete notwithstanding the sharp rivalry of many of the contestants for the Republican nominations, and that the tickets soon to be named will have hearty support of all Republicans. Mr. Kearns is a candidate for the Legislature, and there is a general feeling that he will be one of Sanpete's two Representatives to the next session of the Legislature.

Secretary John Groesbeck, Jr., of the Victor Consolidated Mining company, and for a long time connected with W. S. McCornick & Co.'s banking house, is a candidate for the Republican nomination for County Treasurer of Salt Lake county.

Hon. Charles W. Watts of Kanosh, a member of the last Legislature from Miliard county, and one of the most prominent candidates for the nomination for foint Senator from the Eighth district, composed of Jusb and Miliard counties, is in the city.

Orville Thompson of Sciple, a leading candidate for the Legislature from Mit-lard county, is in the city.

Senator Willis Johnson, Circleville's well-known merchant is in the city on a business trip. Senator Johnson is a candidate for renomination from the Tenth district, and his friends say his success is practically assured.

Speaking of the general political situation in the Tenth district Senator Johnson said that there is hardly a doubt that the Republican majority will reach 700. The people are prospering, he said, and are not intending to vote for a change from present satisfactory conditions.

"We are very much interested in the prospects of the extension of the Rio Grande railroad into our section from Marysyale." said Senator Johnson. "and have good assurances that it will be done. For a while the farmers suffered from a drought, but this was broken recently and crops are looking fine.

"Republicans are very carnest this year. They are making plans for a most aggressive campaign, and it is my judgment that the National. State and local tickets will sweep the country. Plute county is very carnestly for Mayor James Christiansen for State Treasurer, and I believe he will have a practically solid vote in Southern Utah and will be nominated. He is one of our best young men and deserves to win."

Scrator Johnson's friends in the Tenth district, recognizing the good record he made in the last sessions of the Legislature, urge his renomination. He is a wide-awake young man, a good friend and is thoroughly alive to the interests of his constituents, who know that if returned to the Senate his past experience will enable him to make a record even better than he has made already.

Two prominent Davis county Republicans were in the city Monday and de-clared that Secretary Hammond would have practically the solid vote of Davis and that whatever was not for Ham-mond would be for Wells.

Hon, William Metcalf of Gunnison, who represented Sanpete county in the Legis-lature during the last session, and who has been prominently talked of as a candidate for re-election, is in the city.

An announcement was made from Manti that Mr. Metcalf had probably withdrawn from the race, but a friend, speaking for him last night, said he had not decided whether he would continue in the race or not.

Joseph S. Barlow has announced himself as a candidate for the nomination of Sheriff on the Democratic ticket. He is now patrolman in the police department, an office which he has filled acceptably for the past six years. From 186 to 188 he acted as a guard at the Utah State prison. Mr. Barlow was a railroad man for many years, having held important positions in the train service and operating departments of the old Utah Central, the Union Pacific and Oregon Short Line railroads.

Hammond the Favorite.

AMERICAN FORK Aug 2—As the campaign approaches the interest in political affairs in this city grows desper. The talk is mostly in regard to gubernatorial candidates. On the Republican side the big three are the most interesting topic. Hammond is gaining more friends every day, while John C. Cutler is not the favorite which he at first was thought to be.

MANTI, Aug. 2.—Republican County Chairman L. R. Anderson returned home to Manti yesterday afternoon, after spending a couple of days in the northern part of the county. He took in the situation in Mount Pleasant and Fairview, with the view of getting in touch with the party workers and becoming familiar with conditions. He reports that everything there, as in the south, is favorable to Roosevelt and Fairbanks, and that many Desmocrats hereofore enthusiastic for their party's success, have recently declared themselves in favor of the nominees on the Republican ticket for President and Vice-President.

The chairman says that Republican enthusiasm is everywhere in evidence, and the universal sentiment seems to be that there will be a sweeping Republican victory in Sanpete county this year, and as a consequence the local political lines in the party are closely drawn. The political fight over the Commissionership is warming up, and at this time it seems to be a neck and neck race between Sidney S. Sanderson and Louis C. Largen.

it seems to be a neck and neck race between Sidney S. Sanderson and Louis C. Largon.

At Mount Pleasant the legislative contest is the all-absorbing political topic, and every other political candidate and question is kept in the background awaiting the result of the fight between F. C. Jensen and Abram Johnson. Both the candidates are well and favorably known in the county and each has many personal friends and supporters outside of Mount Pleasant.

There are at least two candidates for each office that Mount Pleasant will come for, and it is now quite likely that the contest between Jensen and Johnson will largely determine the chances of at least half the number. The way it appears now everybody will be in the fight for one or the other of the legislative candidates.

Mr. Anderson says that altogether the outlook in the county for Republicanism is most encouraging.

RICHFIELD, Aug. 2— According to the signs of the present times, Gov. Wells will be renominated, and that by a good, big majority," said Gideon Snyder to one of the leading Republicans of Richfield, where he has been on a two days business visit. Mr. Snyder, who is a brother of Judge W. I Snyder of Sait Lake and Willard F. Snyder, who was a delegate this year to the Chicago convention, is one of the most ardent and aggressive young Republicans in Utah, and as an able and shrewd politician, working on fair and above-board lines, has few peers of his years in the State. To his untiring of his years in the State. To his untiring and well-directed efforts the Republicans and well-directed efforts the Republicans of Plute county largely attribute their complete victory of two years ago, the first time they over elected their entire ticket. He managed his brother's candidacy for National delegate with such success that he received the next largest vote in the last Republican State convention. "The reason for Gov. Welle's popularity is simple enough," continued Mr. Snyder. "It is due to his strong, impartial and honorably dignified administration, and his refusal, in the face of frequent opportunities, to prostitute his exalted office for his own future political aggrandizement.

tunities, to prestitute his exalted office for his own future political aggrandizement.

"Gov. Wells has been in office two terms, but no man can fasten upon him the charge of being either a professional politician or an office-seeker. On the contrary, at the end of those two terms, when the office-seeker or the professional politician would most certainly have been prepared now with a machine, all greased for netlon, Gov. Wells is found with the machine against him, and manipulated by his chief opponents. His sole support is the loyalty of his sincere friends all over Utah, who literally forced him to allow them to again push him into the race. I have yot to hear of the man whom he asked for support. I have heard of scores who proffered it, and to that is attributable his manly amnouncement of his candidacy for a third time.

"Unless I am away off, the very fact that the machine right now is attempting to unseat the Governor is one of the strongest motives back of his friends espousal of his cause. The animosity of the so-called "push" and their unfair use of the party machinery is acting as a boomerang to the manipulators. Further, that Senator Smoot should now, when his church is on trial for alleged apostotic dictation in politics, assume to name the Republican State ticket, is resented as wrong in principle by non-Mormons, and as very unpolitic by astute Mormons, who can force the consequences.

"I am glad to see that sentiment is

wrong in principle by non-Mormons, and as very unpolitic by astitite Mormons, who can forsee the consequences.

"I am glad to see that sentiment is strong for Mayor Christiansen for the nomination for State Treasurer. You may be sure that Plute county will be solid for him and I know he has many friends in Sait Lake. It is unfortunate that you have to whip the push in order to win for Christiansen, but that is the push's doing, not yours. During the past week I have been in some of the counties near Sait Lake, and find a very favorable feeling toward Christiansen there."

When asked as to his views on the United States Senatorial situation. Mr. Snyder replied that no United States Senatorial situation. Mr. Snyder replied that no United States Senator is to be elected or nominated by the coming State convention, and that that feature should be eliminated from the State ticket contest. "It seems some factions are continually attempting to drag Kearus and Smoot into every contest." he said. "I presume it will cut a big swath in the nomination of Justices of the Peace and Constables in some sections. If it does it will be more absurd than to gauge every aspirant for State nomination by his alleged predelictions for either Sutherland or Kearne. That has nothing to do with the case."

Moab Times: When the Hon. Thomas Keurns was elected to the United States Senate by the Utah Legislature, there was a feeling among many that it was another case of a bonanza king buying his way into that high position, and that he would prove a seat-filler for the honor rather than a representative of the propie. But results of his efforts at Washington have been a pleasing surprise to many. It has not been so many years since Tom was wielding the prospector's pick, and his good fortune does not seem to have changed the views he had when he was a prospector. There are a whole lot of prospectors in this bunch of the hills who want to see such a man stay in the Senate as long as he keeps up his present licks. There are a number of embryo bonanza kings digging around these hills, and as soon as they can hit their pile so as to afford a trip to Washington, want the privilege of trying for it, and they want to feel that a simulation. want the privilege of trying for it; is they want to feel that a simple chai in wealth conditions does not change the views or lift them above their formates. Kearns has set an example it such can be done.

Rioters Attack a Police Station

Mob of 2000 Men and Women Engage in Desperate Fight With Chicago's Finest.

CHICAGO, Aug. 2.-Rioters stoned he Deering street police station late last night and for a quarter of an hour the police battled with the crowd of 2000 men and women, as it charged the station repeatedly with sticks and stones, shouting vengeance against the

The trouble started when the police went to the assistance of Frank Cas-tellano, a strike-breaker employed in the stock yards, who had been gragged from a street car and severely beaten. Before the police could reach Castel-lano he had fired four shots from a re-volver at his assailants. One of the bullets took effect in John Sheehan's

The mob became infuriated when they saw that their companion had been shot. At least a hundred men made a rush for Castellano, but he was rescued by the police. The police station was only two blocks away and

Castellano was taken there for safety Seeing that their intended victim had escaped, the rioters determined to get revenge on the police and tried to wreck the station. Stones and bricks by the hundred were hurled at the building and all the windows in the place were broken. Charge after charge was made by the

police and the rioters were driven back only by the strenuous use of clubs. These charges by the police had little effect, for as soon as the police would return to the station the crowd would again gather with a fresh supply of missiles and make another attack on the place. Nearly a dozen times the police sal-

lied forth and charged the crowd with clubs before the rioters dispersed. In one of these charges three policemen were injured with bricks. At least fifty rioters were cut about the head in the hand-to-hand conflicts with the po-

The Ogden authorities may have a deportation case on their hands, if a certain young Hollander, now in the countries, and the control is reason. The young man's name is F. C. Bruin, and he arrived in Ogden last week, apparently mentally unbalanced. It was thought to be merely temporary, due to the altitude, and he was allowed to proceed to the residence of his aunt. Mrs. Schawkowsky, on Wall avenue. Today he became wild again and proceeded to demolish the furniture, when the Sheriff took him in charge and notified the emigration authorities. His condition will be fully investigated.

J A. Senwick was arrested by Police-man Smythe on the charge of larceny. Senwick, when arrested, confessed that he was the man that had stolen several grips from the union depot, among them that of Miss Maggie Biel, and conducted the officers to the place where the con-tents of the grip were cached.

Julius Ponssant, a Frenchman, is under sirrest at the police station and will have to answer to a charge of burglary. He entered the room of E. D. Headman in the Gasberg house on Twenty-fifth street and proceeded to throw Headman out of his room and take possession. Headman protested and the two had a rough and tumble fight, in which the Frenchman got the better of the argument. He made his escape, but was arrested later and locked up. He was under the influence of figuor, and this may have been the cause of his actions. Julius Ponssant, a Frenchman, is unde
